

Pullman Services

Pullman offer a wide range of services including calibration in the fields of electrical/microwave/LF, general test and measuring instruments, dimensional, environmental, railway equipment; repairs down to component level; hire of equipment and sales of instruments from all major suppliers in every field.

Established for over 27 years giving confidence and reliability in calibration, repair and supply needs.

Solving your instrumentation requirements:

- SALES, REPAIRS, CALIBRATION AND HIRE UNDER ONE ROOF
- STANDARD 5 WORKING DAY TURNAROUND
- 48 HOUR EMERGENCY CALIBRATION SERVICE
- ANNUAL CALIBRATION REMINDERS
- ON-SITE CALIBRATIONS
- UKAS (NO 0683) CALIBRATIONS ELECTRICAL AND TEMPERATURE
- ISO/IEC 17025:2005 ACCREDITED LABORATORY
- CLASS ONE CERTIFICATION
- FULL TECHNICAL SUPPORT
- SALES OF NEW INSTRUMENTS
- SPECIALIST CALIBRATION SERVICES

Specialist Instrument Calibration, Sales, Service, Repair and Supply

From simple day to day engineering tools and electronic equipment, to more sophisticated medical equipment and heavy engineering machinery. All areas of industry covered include:

Catering, Food industry, HVAC, Hospitals, Industrial, Manufacturing, Medical, Military Installations, Pharmaceutical, P.A.T. Training, Rail industries, Utilities & others

UKAS Electrical and Temperature

UKAS calibrations on full systems including the indicator and sensor/thermocouple. Plus class one 17025, covering all temperature measuring and sensing instrumentation, fully traceable to UKAS

Electrical/Microwave LF and Temperature Class One

All types of testing, measuring and sensing instruments from Multimeters to Tachometers. From Ovens to Thermometers.

General Class One

Fully traceable to national and International standards in a 17025 environment. Acoustic calibration, Crimp tools to 100ton, Gas analysers portable and static, Manometers, Pressure Gauges, Sound Meters, Torque equipment, Weighing Scales and others.

Dimensional and other calibrations

Calibrations carried out at Pullman Instruments workshops including, Humidity, Air Flow, Air Flow Systems, Anemometers, Callipers, Crimp tools, Light Meters, Loggers, Micrometers, Vacuum and others.

Maintenance of Calibration Records

Fully automated calibration system Pro Cal Sales, enables the calibration, storage and recall of all calibrations. Customers instruments listed and calibration reports stored for five years.

Repair, Service and Supply of Equipment

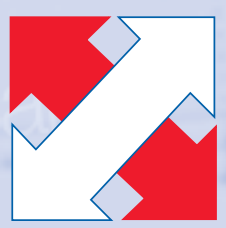

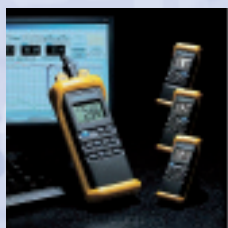

In-house repairs and service to component level, supported by many major manufacturers. Large technical library, backup stores and ordering systems. Quotations for uneconomical instruments.

On-Site Calibration

On-Site calibrations virtually eliminate, or minimise down time in production, saving cost in down time and administration. With a repair and sales facility instant decisions are available. Pullman and manufacturers technical support available.

Some manufacturers we regularly supply and service:

ATP, AVO, Clare, Cropico, Crowcon, Dawe, Digitron, Dilog, Druck, ETI, Eurotherm, Fluke, Foster, Hameg, Hitachi, Instrotech, Kern/Adam, Kestrel, Kimo, Lufft, Martindale, Megger, Mitutoyo, Norbar, Radiodetection, Robin, Seaward, Spirent, Tektronix, TTI, T&R and many more.
